Paper Ghost Garland — Boo!

My name: _____ Date: _____

PROJECT 3 — INSTRUCTIONS (keep this sheet!)

White paper

Black marker

String

Scissors

Glue or tape

Pencil

1 ☐ Fold and trace the ghost

Fold a long strip of white paper like a fan (accordion fold).
Trace the MASTER GHOST from sheet 3B onto the front fold.

2 ☐ Cut — keep the arms touching!

Cut around the ghost, but do NOT cut the gray KEEP FOLDED zones on the template. That is what holds the chain together!

3 ☐ Unfold your ghost family

Open the strip slowly... a whole family of ghosts holding hands! If one tears, tape it from the back — nobody will know.

4 ☐ Draw faces and hang it up

Practice faces on sheet 3B first, then draw a different face on every ghost. Tape the ends to the wall or string it across a doorway.

How fun was it? Color the stars!
