

# CRAFTY CORNER KIDS

## Ghost Template — Cut & Trace!

My name: \_\_\_\_\_ Date: \_\_\_\_\_

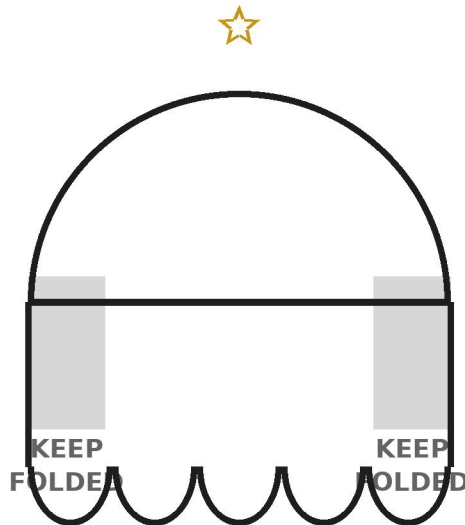

### PROJECT 3B — MASTER GHOST TEMPLATE (trace it, do not cut the ghost out!)

Print at 100% size. Trace this ghost onto your folded paper strip.

The GRAY zones are the ghost's hands — they must touch the fold lines so the chain stays together!

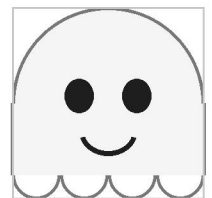

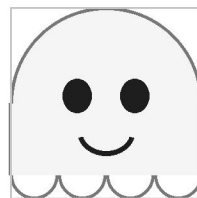

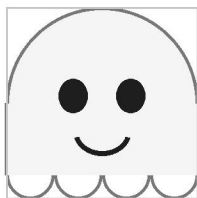

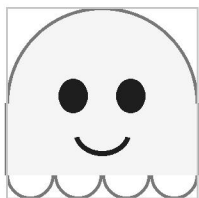

This square = 1 inch  
(if not, print at 100%)

MASTER GHOST — trace onto the folded strip

PRACTICE FACES — try your faces here before drawing on the garland:

### WHILE IT DRIES — FIND & COUNT on this page:

How many stars can you find hidden on this sheet? [   ]     How many ghosts? [   ]

How fun was it? Color the stars!

Watch the video!
