Clay Pumpkin — Halloween Special!

My name: _____ Date: _____

PROJECT 2 — SCULPTING PLACEMAT (work right on this sheet!)

Orange clay

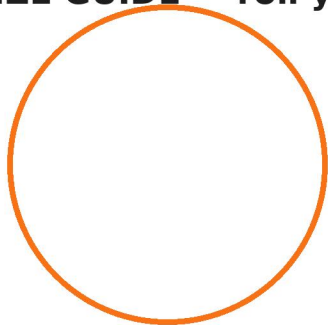

Brown clay

Green clay

Craft stick

Your hands!

SIZE GUIDE — roll your clay and match the circles:

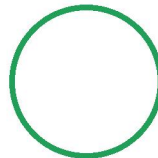

PUMPKIN BODY

1 big ball

STEM

small sausage

LEAF

flatten it

EYES

tiny balls x2

1 ☐ Roll the pumpkin body

Roll orange clay into a ball that matches the big circle. Squash it a little on top and bottom so it sits flat.

2 ☐ Press the lines

Use the side of a craft stick to press lines from top to bottom, all the way around. Pumpkins have stripes!

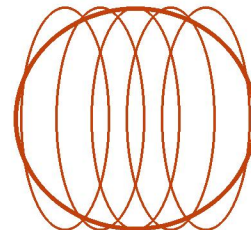

3 ☐ Add stem and leaf

Roll the brown stem, flatten the green leaf, and stick them on top.

4 ☐ Give it a face

Sketch your face in the practice box first — then poke triangle eyes and a smile with the craft stick tip.

PRACTICE THE FACE HERE!

Draw eyes, nose
& a big smile!

Then make a second
pumpkin — a friend
for the first one!

How fun was it? Color the stars!
